

Diettly

FOOD THAT FITS YOU RIGHT

A conversational AI that uses your health profile, preferences, and pantry items to generate daily meals tailored to your nutrition needs.

Why Diettly ?

Managing nutritional needs, dietary restrictions, and personal taste simultaneously

Constantly figuring out what to eat every single day

Creating grocery lists and managing inventory

Planning balanced meals that align with your goals

It simplifies all of the above with a smart, conversational AI assistant

Offers personalized meal suggestions using your health profile and pantry

Saves time, reduces decision fatigue, and keeps you on track effortlessly

How Diettly works?
